WHO R WE??

The **BRASS KNUCKLE GANG** is a law-abidin', FCC-respectin' gang 4 amateur radio operators!! The name comes from "**poundin' brass**" – the fine art of usin' a manual Morse key 2 send CW. We keep it **REAL** on 2-meter CW, where the real operators separate themselves from the appliance operators!! Born in the **USA** & spreadin' **WORLDWIDE** – nearly **200** brass pounders strong & RECRUITING!! If u can't pound brass, u can't roll with us!!
